Does Barbados use solar panels?

Solar panels are seen more and more frequently across Barbados. Similar to the ubiquitous solar water heater on Barbadian rooftops, the Government of Barbados is fully committed to the idea of renewable energy and solar PV, thereby preparing the country for even more substantial growth in this sector.

Are bifacial solar panels better than monofacial panels?

Therefore, bifacial solar panels can exploit a much greater amount of solar radiation than monofacial modules, resulting in greater energy production. Our transparent solar panels have all the necessary certifications to guarantee the purchase of the best solar panels. Every project is unique and so is every solution we provide.
