What type of power outlet does Brazil use?

Now you know! Brazil uses Type N power outlets- which fit both Type N and Type C power plugs. Voltage varies by location, and may be 127 or 220 volts. If your devices aren't compatible with Brazil's plug type or voltage, you'll need to bring a Brazil power outlet adaptor and possibly a voltage converter.

What type of power plugs does Brazil use?

Brazil predominantly uses the Type C and Type N power plugs. Type C have two round pins and a thin body, while Type N has two round pins plus a third grounding pin arranged in a triangular shape. If you have European plugs, good news - You can plug your Type C plugs into a Type N outlet. But do not confuse type C with Type E.

What do Brazil's electrical outlets look like?

When you are going on a trip to Brazil, be sure to pack the appropriate travel plug adaptor that fits the local sockets. But what do those electrical outlets look like? The type N socket and plug are the official standard in Brazil. Type C plugs are also official, but not type C sockets.

What voltage do I need for a Brazil power outlet?

Voltage varies by location, and may be 127 or 220 volts. If your devices aren't compatible with Brazil's plug type or voltage, you'll need to bring a Brazil power outlet adaptor and possibly a voltage converter. Fortunately, universal adaptors are inexpensive and widely available.

Do you need a power adapter in Brazil?

A power adapter may be available for purchase, hire, or as a complimentary extra for hotel guests at reception events. There are two types of power supplies in Brazil: type N and type C, with type N serving as the primary power supply and type C serving as the backup power supply.

How many volts is a plug in Brazil?

It is important to note that Brazil also uses three-pronged plugs, so it is important to check the voltage and frequency before using any electrical appliances. Depending on where you are in Brazil, the voltage can be either 127 volts or 240 volts. If your plug does not fit in a Brazilian power outlet, you should use a Type N plug adapter.
