

Does Cambodia have a sustainable electronics industry?

In Cambodia, no initiatives or NGOs focus exclusively on sustainable electronics. However, multiple issues in other industries (such as the garment sector) are also present in the EEE sector. As Cambodian electronics manufacturing increases its GDP share, adaptation of initiatives to this specific industry seems ineluctable.

Are kitchen appliances a good investment in Cambodia?

For example, household appliances such as microwaves, toasters, coffee makers, etc. have not yet found their way into most Cambodian kitchens, offering potential good opportunities.

Is Cambodia's consumer protection still in the infant stage?

Cambodia's consumer protection is still in its infant stage. But consumer associations are expected to make their start soon, heavily supported by the Consumer Protection Competition and Fraud Repression Directorate-General (CCF).
