

Change the outdoor power supply power

How do I power an outdoor light without tearing up my yard?

Run an underground electrical line into the garden to power an outdoor light. Here's the quickest and cheapest method for bringing power to a remote spot without tearing up your yard. Say you need a bright yard light way out in your yard or a remote outlet to power a pond pump or electric tools.

How do you install outdoor power outlets?

Installing outdoor power outlets isn't as difficult as it sounds. The quickest way to extend power outdoors is to install a receptacle back-to-back with one inside the house. You also can drill through the wall from a basement or crawlspace and attach a receptacle on the side of a house using an extension ring.

How do you bring power outside?

One way to bring power outdoors is with back-to-back receptacles. Shut off power, pull out an indoor receptacle, and drill a locator hole through the wall to the outside. Was this page helpful?

How do I switch from indoor to outdoor wiring?

To make the transition from indoor to outdoor wiring, use an LB fitting. Essentially a watertight pulling elbow, it is ideal for connecting to conduit. One way to bring power outdoors is with back-to-back receptacles. Shut off power, pull out an indoor receptacle, and drill a locator hole through the wall to the outside.

How do you extend a power receptacle outside?

The quickest way to extend power outdoors is to install a receptacle back-to-back with one inside the house. You also can drill through the wall from a basement or crawlspace and attach a receptacle on the side of a house using an extension ring. You'll want to position an outdoor receptacle at least 16 inches above the ground.

How much power do you need for an outbuilding?

If the outbuilding isn't more than 50 ft. from the house and has a few lights and outlets, it usually can be supplied by a 120v, 20-amp circuit and 12/2 w/grd UF cable. But check with local building authorities before you start. Get the necessary permit, code requirements, and inspection schedules.
