How to find EV charging stations in Croatia?

Languages: Croatian, English
Espots is a free mobile application for Android phones that shows all the electric charging stations supported by Hrvatski Telecom. You may use this app to locate and book EV stations as well as pay for the charging session. It also offers a navigation system leading you to the desired charging station.

Where can I charge my electric car in Croatia?

The cheapest option is to charge an electric vehicle at home or apartment if you have an opportunity. It is still possible to find a free charging station, mostly as a part of a shopping center, but this is very rare. Please note: Information provided by Expat in Croatia is only for the purposes of guidance.

Where are charging stations located in Croatia?

Charging stations are usually located near large parking lots, gas stations, shopping centers, hotels, restaurants, major institutions, companies, and highways. [Read: Guide on driving in Croatia including highways, tolls, gas stations, car washes, and parking]

Are EV charging hubs a good idea in Croatia?

Croatia's newest charging hubs feel less like service stations and more like designer rest areas designed by people who actually use EVs. You'll find clear wayfinding, wide bays that accommodate bulky EVs, bright LED lighting for safety, and 24/7 CCTV--small comforts that add up when you're traveling at odd hours.

How do I charge my electronics in Croatia?

Because Croatia uses a different outlet type to the US, American travelers will need to purchase an appropriate travel adapter to charge their electronics. Look for a power adapter with the twin round prongs, which is the Euro standard. Alternatively, any adapter labeled "Type A/B to Type C/F" will be fine.

Does Croatia have a high-speed Charger?

By mandating a station every 60 kilometers, Croatia has ensured that high-speed chargers are as commonplace as roadside rest areas. That means fewer detours and more time enjoying turquoise bays, ancient hilltop towns, and gelato stands.
