

Do you need to bring an outdoor power bank when you go to North Macedonia

Do I need an adapter if I travel to North Macedonia?

Many European countries use the same Type C and Type F outlets as North Macedonia. If you're traveling from countries like Germany, France, Italy, or Spain, you likely won't need an adapter. However, it's always good to double-check your device's plug type.

What voltage does North Macedonia use?

Also, the voltage in North Macedonia is the same as in Europe. What Outlet does North Macedonia Use? Type C plug sockets are used in Europe, Africa and Asia. They have two round pins and no grounding pin. These plugs are typically used with devices that have a voltage of 220-240V. This outlet is rated for 2.5 amps.

Do you need a power bank for hiking?

Electronics are essential items in many hikers' backpacks, so getting the best power bank to keep them going on trail is really important. Whatever your electronics setup looks like, we know it can be a real drag when something runs out of juice in the backcountry.

Should you buy a power bank?

You can buy a decent power bank at a surprisingly wide range of prices. Unlike many other pieces of gear, a higher price tag doesn't necessarily correlate with improved performance or weight. For beginner backpackers or those on a budget, many solid options are available that won't break the bank.

Do I need an International Driving Permit in North Macedonia?

Even though it's not required, it's a good idea to have an International Driving Permit (IDP) when you drive in North Macedonia, especially if your national driving licence is not in English or is written in a language other than Latin. An IDP is a version of your driver's licence that is recognised all over the world.

Should I visit Macedonia?

Other than a recommendation during my travels to visit Lake Ohrid and knowledge that the country's capital is Skopje, I was mostly flying blind. This country is quite low-key and it's only by visiting Macedonia that you get a chance to find out what a fun, intriguing place it is.
