

Double glass panel frame

What is a double pane glass wall?

As part of the DIRT construction system, the Double Pane Glass Wall delivers without compromise. Get the look and light transmission of glass walls with improved acoustic performance for speech privacy when you need it. All with short lead times, quick installation, and the ability to easily reconfigure your layout when your space requires it.

What are double-pane insulated glass panels?

Primarily used in residential window applications, the technology behind these insulated glass panels for exterior doors and windows ensures energy efficiency and improved insulation. Our double-pane insulated glass panels are custom-manufactured. These double-insulated glass panels are designed to upgrade existing windows in your home.

Are dual pane windows insulated?

Insulated glass panels significantly improve your home's thermal performance, keeping it cooler in the summer and warmer in the winter. Dual pane windows are renowned for their energy efficiency, making them the most common choice for residential insulation.

Do Wexel art double panel frames need magnets?

Shop Wexel Art double panel frames. No magnets required to show off your easy-to-change art work.

Why should you consider double-pane insulated glass replacement?

This is because double-pane insulated glass replacement can update the overall appearance of a house. The aesthetic improvement, along with the energy-efficient features, can enhance the resale value of the property.

Are double glazed insulated glass panels safe?

Originally designed to protect homes from extreme weather conditions, double-glazed insulated glass panels offer a reliable shield against the elements. Application of Low-E coatings to insulated glass panels to block harmful ultraviolet rays will protect your furniture and flooring from fading and your skin from sun damage.

Shop Wexel Art double panel frames. No magnets required to show off your easy-to-change art work.
