

# External Battery Cabinet

What is the Eaton External Battery Cabinet (EBC)?

The Eaton External Battery Cabinet (EBC) is a component that provides extended emergency short-term backup power for the 93E 20-30 kVA and 40-60 kVA UPS systems. It enhances the usability and reliability of the systems by safeguarding operation during power interruptions such as brownouts and blackouts, offering cost-effective extended battery run time.

What are external battery racks & cabinet design encasing solutions?

Our External Battery Racks and Cabinet design encasing solutions are a premium brand that offer industry-standard features in custom design measurements at competitive pricing. They can accommodate various combinations of Batteries, up to maximum number of strings for complete battery ranges.

What is a battery cabinet?

Battery cabinets are a convenient storage solution that encourages staff to maintain the correct handling and storage procedures. By charging and storing batteries in the one location, you are reducing the likelihood of batteries being lost, stolen, damaged or left in unsafe conditions (such as outdoors).

How do I install the external battery cabinet (EBC)?

To install the External Battery Cabinet (EBC), follow these steps in Chapter 3 of the Installation Manual: 1. Create an installation plan for the EBC. 2. Prepare your site for the EBC. 3. Install and wire the EBC according to the instructions in the manual.

What is a Legrand Battery Cabinet?

Universal battery cabinets for all three-phase Legrand UPS from 10kVA up to 800kVA power range. The Battery cabinet is designed to house standard VRLA Batteries of capacity range from 24Ah to 105Ah (C10).

About this item External 36V battery cabinet provides extended runtime during an outage. Compatible with liebert gxt5-500lvrt2uxl (500 VA), liebert gxt5-750lvrt2uxl (750 VA) ...
