

Greece base station communication cabinet installation

What is an indoor base station?

Indoor base stations in rack format This is the most common type of base station, in which all its components are integrated in a rack-type cabinet, which provides more space for more modules or components. This can enable, for example, redundancy of all components, thereby improving system availability.

What is a transportable base station?

Due to the characteristics of size and ability to operate in hostile environmental conditions that we have reviewed in outdoor base stations, transportable base stations are ideal for installation in vehicles or, in general, to be used in mobility environments by incorporating transport accessories.

What are danphone GMDSS coast stations?

Danphone GMDSS coast stations for VHF and MF/HF are delivered in compliance with relevant IMO and ITU specifications, including DSC, voice and data logging, and interface with landline telephones. The system features IP-network infrastructure, Voice over IP and remote control via touch monitors. Request meeting or Contact us for more information

Can a small outdoor base station match a rack-mount base station?

Thus, by adopting new signal processing techniques such as SDR (Software Defined Radio), small outdoor base stations have been able to match the performance of rack-mount base stations. Transportable base stations

Why should a base station have its own system?

It is also valuable that it includes its own system for the simple management of the base station and its users, so that functions such as adding and deleting groups and terminals, modifying operating parameters in real time, monitoring the status of the unit and displaying alarms in real time, among others, can be carried out.

What are the shipping requirements for a self-contained radio site?

A "shipping container" that has been outfitted as a self-contained radio site must meet strict dimensional requirements, including protrusions such as HVAC, RF entry assemblies, or AC entrances, and must conform to applicable shipping requirements.
