

How many base stations are there in Luxembourg's 5G communications operations

Where is 5G coverage in Luxembourg?

5G coverage in Luxembourg is mainly concentrated in Luxembourg City and Esch-sur-Alzette with POST offering the most extensive network, followed by Tango and Orange (as shown on the maps in this article).

Which 5G network is best in Luxembourg?

POST clearly has the most extensive 5G network with very dense coverage across the centre, south, east and west of Luxembourg. 5G POST's coverage even extends beyond this, with an entire axis linking the north of the country. Tango comes second according to nPerf.

Which mobile operator has the best 4G coverage in Luxembourg?

Tango appears to be in third place. According to the nPerf maps, Tango's 4G+ coverage is mainly limited to the centre, south, east and west of the country. In the North, the readings mainly indicate conventional 4G speeds. Overall, according to nPerf's measurements, POST is the best mobile operator in terms of 4G and 5G coverage in Luxembourg.

What color is 5G in Luxembourg?

This map is based on measurements of mobile connection speeds in Luxembourg. 5G is shown in purple. 4G is in red. 3G is in orange. If you wish to view the interactive and updated version of this map you can find it on this page from the nPerf website. Which operator has the best 5G network? Where can you get 5G in Luxembourg?

Is Tango a good 5G provider in Luxembourg?

Tango comes second according to nPerf. The operator has 5G antennas in the centre of Luxembourg and in the surrounding communes. The south and east of the country is also very well covered in 5G. However, according to this map, coverage is less dense than for POST. It should be noted that Tango has good coverage in the border area with France.

How fast is 5G in Luxembourg?

POST's 5G offers speeds of up to 1 Gb/s... Tango has a higher density of 5G speed readings reaching 1 Gb/s in the centre of the city of Luxembourg, and in a few rare places along the border with France. Orange 5G reaches 1 Gb/s in the centre of town Luxembourg and in the Gare district, according to the readings shown on the map.
