

Liechtenstein cabinet battery cabinet installation training

How do I install a battery cabinet?

The battery cabinet installation must meet the following guidelines. Install the system on a level floor suitable for computer or electronic equipment. Install the system in a temperature and humidity controlled indoor area free of conductive contaminants and with sufficient air exchange. The battery cabinet dimensions are shown in Figure 2.

Where do I install a line-up and match Battery Cabinet?

Line-up-and-match battery cabinets are installed adjacent to the UPS. The recommended installation location is on the right side of the UPS cabinet as viewed from the front of the cabinet. See Figure 3 for line-up-and-match configuration views. Figure 3. Eaton 93PM 100 kW UPS and Two 93PM Integrated Battery Cabinets

What is a battery cabinet?

The battery cabinet contains components that carry high currents and voltage. A properly installed enclosure is earthed and IP20 rated against electrical shock and foreign objects. However, the battery cabinet is a sophisticated power system and only qualified personnel are allowed to install and service it. . DANGER

Does the IBC-LH have a battery cabinet?

In addition, the IBC-LH provides a single battery cabinet solution for 93PM UPS systems 200 kW and below. 93PM 400 kW UPS systems above 200 kW require at least two battery cabinets. The IBC-L and IBC-LH are housed in a single free-standing cabinet with safety shields behind the doors for hazardous voltage protection.

Can a battery cabinet be installed indoors?

The system must be installed in a temperature and humidity controlled indoor area free of conductive contaminants. Failure to follow guidelines may void your warranty. o The battery cabinet is rated for operation in up to a 40°C (104°F) ambient temperature.

How safe is a battery cabinet?

A properly installed enclosure is earthed and IP20 rated against electrical shock and foreign objects. However, the battery cabinet is a sophisticated power system and only qualified personnel are allowed to install and service it. . DANGER This battery cabinet carries lethal voltages.
