

Mobile base station power cabinet installation

How do I install a base station CB system?

Base Station CB systems are not complicated to install, but there are a few things you should know. So, let's get into it. First, you need a radio system that works off of AC power. Most CB radios are designed for vehicles that are powered by DC 12-volt power systems.

Are base station CB systems complicated to install?

Base Station CB systems are not complicated to install, but there are a few things you should know. Get the down-and-dirty at Right Channel Radios. Free Shipping \$75+ and killer customer service.

What are the components of a base station CB system?

Remember, the longer the CB antenna, the more potential range that you will have. The basic components for a Base Station CB System include a CB radio, power supply (if you are using a mobile CB radio instead of a base station CB radio), coax, and an antenna.

Can I use a mobile CB radio with a power supply?

To save on cost, you can use any mobile CB radio in your base station setup if you add a power supply to your system. A 5-amp power supply works great for powering a 12-volt CB radio. You can pair this power supply with any mobile CB radio, including popular models such as the Cobra 29 LTD, President McKinley SSB, and the Galaxy 959 SSB.

How much does a base station CB cost?

HOA and Zoning: Check local regulations and homeowner association rules before installing visible antennas. How much does a complete base station CB setup cost? Basic setups start around \$300-500, including radio, antenna, coax, and power supply. Mid-range systems run \$500-1000, while premium installations can exceed \$2000.

What is a base station & how does it work?

A base station is generally a radio system that is set up in a fixed location such as house or building. Since a fixed location allows one to install a much taller antenna than an antenna on a vehicle, you can get significantly more potential range. Remember, the longer the CB antenna, the more potential range that you will have.
