

# New Zealand battery storage container

Why do you need a battery storage box in New Zealand?

FSP New Zealand provides a diverse selection of large battery storage boxes that cater to your every requirement with the highest quality. Similar to a secure vault guarding your valuables, our boxes are designed to keep your batteries safe, private, and easily accessible. Why Use A Battery Box?

What are battery storage boxes?

This is where battery storage boxes come in. These containers are specifically designed to store batteries of various sizes and types safely and securely. FSP New Zealand provides a diverse selection of large battery storage boxes that cater to your every requirement with the highest quality.

Why should you choose FSP New Zealand battery storage boxes?

At FSP New Zealand, our battery storage boxes prioritise quality and safety. Whether you need a durable option for outdoor use or a practical solution for warehouse storage, our range of battery boxes has got you covered. Upgrade your battery storage system with FSP New Zealand's wide range of battery boxes.

Are battery storage boxes safe?

The stainless steel construction provides protection against corrosion, and the reinforced lid ensures security. These boxes also have ventilation for safe storage, making them an excellent choice for both short-term and long-term battery storage requirements. At FSP New Zealand, our battery storage boxes prioritise quality and safety.

Where should batteries be stored?

Storing your batteries in a rigid shipping container, well away from other stock, can be a crucial step in ensuring their safekeeping and minimising accidents. As the images on this page show, battery storage containers can be positioned wherever you need them.

What makes our battery storage boxes unique?

Let's delve into what makes our battery storage boxes unique: 1. Battery Isolation Box: Crafted with care and precision, our Battery Isolation Boxes are designed for secure on-site battery storage. The hot-dipped galvanised frame ensures durability, while galvanised sheeting adds an extra layer of longevity.

EnergyNest Thermal Battery systems can deliver 4 combined or independent energy streams with >90% round trip energy efficiency.

NZ Containers have made the leasing or purchasing of shipping containers in the New Zealand straightforward, low-stress, and simple for you!
