

Outdoor power supply is necessary in Slovenia

Do I need a power adapter in Slovenia?

If your devices are compatible with these specifications, you will not need a power adapter. However, if your devices use a different plug type or are not compatible with the voltage in Slovenia, you will need a power adapter and/or a voltage converter/transformer.

What types of plugs are allowed in Slovenia?

Slovenia has standardized on type F sockets and plugs. Type C and type E plugs can also be used thanks to their compatibility with type F sockets. Typically, type C plug sockets are not allowed to be installed in Slovenia: these outlets are not earthed and are therefore considered dangerous.

What is the voltage in Slovenia?

Just like the rest of Europe, the voltage in Slovenia is 230 volts and the frequency is 50 Hz. Slovenia has standardized on type F sockets and plugs. Type C and type E plugs can also be used thanks to their compatibility with type F sockets.

Are there electrical outlets in Slovenia?

No, the electrical outlets in Slovenia are different from those in the United States. In Slovenia electrical outlets of types C & F are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Slovenia? The electrical outlets and power plugs in Slovenia are of types C & F (see images).

What if my devices are not compatible with the voltage in Slovenia?

However, if your devices use a different plug type or are not compatible with the voltage in Slovenia, you will need a power adapter and/or a voltage converter/transformer. The standard voltage in Slovenia is 230 V, and the standard frequency is 50 Hz.

Do Europeans need a travel adapter in Slovenia?

Yes! Europeans do not need a travel adapter or transformer when traveling to Slovenia. Most device plugs will work with the outlet types in Slovenia. Also, the voltage in Slovenia is the same as in Europe. What Outlet does Slovenia Use? Type C plug sockets are used in Europe, Africa and Asia. They have two round pins and no grounding pin.
