

Papua New Guinea Portable Power Supply Customization

Does Papua New Guinea supply solar panels?

We are proud to have already supplied 23 mini-grid projects and over 2MW of solar panels in the last 12 months in Papua New Guinea! At PNG Solar Supply, we want to provide you with the tools you need to set up your solar systems.

What is the Papua New Guinea regulation for small power systems?

On Monday April 11, 2022, the final version of the Papua New Guinea Regulation for Small Power Systems was handed over to the National Energy Authority (NEA) by United Nations Development Programme to facilitate the promotion of access to affordable clean energy.

Does Papua New Guinea have a 'small power system'?

Papua New Guinea has set a target for 70% of its households with access to electricity by 2030 and the 'Small Power Systems' sets the foundation to achieving this target. The United Nations Sustainable Development Goal 7 (SDG 7) calls for "affordable, reliable, sustainable and modern energy for all" by 2030.

Can I use power plugs in Papua New Guinea?

Select your country of residence, to check the compatibility of your power plugs in Papua New Guinea. In Papua New Guinea, power plugs and sockets (outlets) of type I are used. The standard voltage is 240 V at a frequency of 50 Hz. For more information, select the country you live in at the top of this page. We don't sell power plug adapters.
