

# Pretoria Solar System Quote

Why should you install solar panels in Pretoria?

There are many reasons why homeowners in Pretoria should install solar panel systems. For one, a solar power system can help reduce your electricity bills by offsetting the cost of your traditional electricity usage from Eskom with a free energy source in the sky...the sun!

Is solar energy a good choice for Pretoria homes?

Solar energy offers many perks for Pretoria homes. A 5kW system, costing about R105,000, can save R23,100 yearly on electricity bills. This significant saving makes solar systems an appealing choice for homeowners. Solar panels use photovoltaic cells to turn sunlight into electricity.

How much do solar panels cost in Pretoria?

We'll look at how solar panel prices and installation costs differ across Pretoria's regions. By 2025, solar system prices may drop by 15% to 25% in Pretoria and Tshwane. This makes solar energy a more attractive investment for everyone. Currently, residential solar installations in Pretoria cost between R80,000 and R150,000.

Are polycrystalline solar panels available in Pretoria?

Although polycrystalline solar panels are still available in Pretoria, the most common panels installed at the moment are monocrystalline solar panels, as the benefit outweighs the cost of the solar panels by quite a big margin. How many solar panels do you need for your solar panel installation?

Why should you invest in a solar system in Pretoria?

Solar systems are incredibly energy efficient and good for the environment. They can also help you to save thousands of Rands that would otherwise be spent on electricity bills in Pretoria. In addition, a company's income tax liability can be significantly decreased as it contributes towards deductions.

Can a solar inverter be used in Pretoria?

Solar inverters convert the 12V power into usually 220V power for Pretoria homes. As in the case of solar panels, pricing varies around the size of the inverter BUT is also hugely affected by the quality (or brand) of the inverter that is purchased.
