

Seychelles outdoor power supply quality merchant

Do you need a voltage converter in Seychelles?

If your device or power adapter is not dual voltage or you are unsure, and the voltage and/or frequency in Seychelles differs from your own country, you should use a voltage converter when plugging in your devices and power adapters in Seychelles. What power plug types and electrical outlets are used in Victoria?

What type of plug fits in a Seychelles outlet?

No other plug types fit into an outlet of type G. All power sockets in Seychelles provide a standard voltage of 240V with a standard frequency of 50Hz. You can use all your equipment in Seychelles if the outlet voltage in your own country is between 220V-240V.

What is the standard voltage of a power socket in Seychelles?

All power sockets in Seychelles provide a standard voltage of 240V with a standard frequency of 50Hz. You can use all your equipment in Seychelles if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Do I need a travel adapter in Seychelles?

The electrical outlets and power plugs in Seychelles are of type G (see images) . If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. However, you may still need a voltage converter if the voltage is different.
