

The price of photovoltaic panels for home use

How much do solar panels cost per square foot?

However, the cost per square foot varies based on the size of the home and unique variables found in every installation. For example, the post-tax credit cost of solar panels for a 2,500-square-foot home is around \$20,000 for a rate of \$7.96 per square foot. But how much do solar panels cost for a 1,500-square-foot home?

Are solar panels cheaper than a professional installation company?

Yes and no. Solar panel kits are much more affordable than having a professional installation company install a solar array for you. However, affordability upfront isn't the only factor. Trying to take your home off-grid is a huge task that most people, frankly, aren't up to.

How much electricity does a solar panel produce?

The amount of electricity a solar panel produces is measured in watts and kilowatts (1,000 W = kW). A kilowatt-hour (kWh) measures the amount of energy that a solar panel produces. Keep in mind, most homes need at least 10 to 20 panels to cover their electricity. There are four main types of solar panels:

Which solar panel should I buy?

Eagle Continental: This panel is my recommendation for the most affordable solar panel for homeowners on a budget. Its 19.8% efficiency rating is good, but not great, but its cost per watt, coming in at \$2.25, is hard to beat. Eagle G4: The Eagle G4 is a big step up from the Continental.

Do solar panels increase home value?

Solar panels increase home value in most cases. A home with well-maintained solar panels that significantly reduce or eliminate the electricity bill is an attractive selling point to potential buyers in most markets. The increase in value may be higher in areas with high electricity rates.

Which solar panels are cheapest?

It does offer slightly longer 15-year warranties on its higher-end panels, but those are more expensive. LONGi's Hi-MO 4 is its cheapest residential solar panel, but the company also offers two higher-performance models for people who don't mind paying a bit more for better performance.
