

Vatican Outdoor Energy Storage

Will Vatican City be able to use solar energy?

Catholic News Agency, 2024-06-26 Pope Francis has announced measures to transition Vatican City to using solar energy as its main source of electricity, as outlined in his latest motu proprio titled Fratello Sole, or "Brother Sun."

How will the Vatican's new energy system work?

According to the Vatican's press office, the installation will apply the most advanced solutions currently available, balancing clean energy generation with the preservation of agricultural use, the region's hydrogeological stability, and the protection of its cultural and archaeological heritage (ZENIT News / Rome, 08.01.2025).-

Does the Vatican have a low-energy lighting system?

The Vatican has introduced low-energy lighting systems; over 100,000 LED lights have replaced older fixtures, cutting energy consumption by up to 90% while protecting delicate frescoes from heat exposure.
