

# What are the photovoltaic sites in Brunei

How many solar panels are there in Brunei?

The 3.3MW BSP Flagship Solar PV plant at Jalan Tengah, Seria, is Brunei's second solar power plant. It was completed in 2021 and started to produce electricity on 30 March 2021. With almost 7,000 solar panels, it is capable of generating power equivalent to 600 houses. Solar panels installed on a Brunei government building in Temburong.

Where will a solar plant occupy a remediated landfill in Brunei?

The solar plant will occupy a 33.3-hectare remediated landfill in Kampong Belimbing, a village in the Brunei-Muara district of northern Brunei. The project already has a land lease agreement with the government.

Who owns the solar plant in Brunei?

The solar plant in Brunei is currently operated and maintained by BSP. Agnete Johnsgaard-Lewis, BSP Managing Director and Shell Country Chair in Brunei, shared this information.

Does Brunei have a solar city?

Brunei also intended to build the Temburong Smart City, which would mostly rely on solar energy and be dubbed the "Green Jewel of Brunei." However, Brunei has only put in 1.2 MW of solar as of now as a demonstration project. It's reasonable to assume that the implementation of renewable energy is still in its infancy.

Can a solar farm be developed in Brunei?

The new solar farms may be developed through public-private partnerships as the ministry seeks to reduce the government's financial burden. Brunei has set a target of generating 100 MW of solar energy by 2025 as part of the government's initiative to slash greenhouse gas emissions by 20 percent over the next 10 years.

What is Brunei Darussalam's largest solar project?

This milestone represents Brunei Darussalam's largest government-led solar project to date and the first large-scale solar initiative under a Public-Private Partnership (PPP). It underscores the nation's commitment to diversifying its energy mix and pursuing low-carbon development as part of its decarbonisation agenda.

A joint venture partly owned by a subsidiary of Malaysia's Solarvest will build Brunei's first utility-scale solar plant under a 25-year power purchase agreement (PPA) with ...

The Department welcomes any interested visitors to tour the Tenaga Suria Brunei, the first and currently the only On-Grid Solar Photovoltaic (PV) Power Plant in Brunei Darussalam.

Brunei's Seri Suria Power, a joint venture of Solarvest, Serikandi and Khazanah Satu, was awarded a 30 MW landfill-based solar PV project in Kampong Belimbing.
